Article 1. POGGERS Act

1.1 Every Monday, the Governor of the city may disburse four million dollars (\$4,000,000) to each state organization (Los Santos Police Department, San Andreas Highway Patrol, Federal Investigation Bureau, The National Guard and the Emergency Medical Services).

1.1.1 The money can be used to pay for any expense that the organization sees fit, including Legal Fees, Bonuses, Hostage negotiation funds and other unspecified spendings at the Leader's discretion within reason.

Note: The Government requires the ability to check the state organization expenses to ensure it's spending in the right places.

1.1.2 The Government has the right to withhold a full or partial amount of a payout by order of the Governor, Attorney General or Supreme Court. Payouts may be affected in the case of:

- *Deteriorated public relations or inter-organization relations.*
- *Repeated failure to comply with the Department of Justice.*
- *Failure to have a clean inspection twice or more in a row.*
- *Failure to attend more than one weekly leader/hc meetings.*

1.2 Each week, the Governor shall issue goals or initiatives to each state organization including the Government and additional funds of up to four million dollars (\$4,000,000) may be disbursed if these are met.

1.2.1 These funds must be used as a basis for larger individualized bonus programs and should be spent each week.

Example: \$100,000 for 25 parking fines or \$200,000 for employee of the week.

1.2.2 There are four mandatory objectives that an organization must accomplish each week before any other objective is set by the Government in order for funds to be transferred.

1. Must have one perfect inspection weekly.
2. Leaders and/or High Commands must attend weekly leader meetings with the Governor and/or Deputy Governor(s) and their legal aid (DOJ HC).
3. Maintain good inter-organization relations and comply with issued court documents from the Department of Justice.
4. Maintain collective cooperation with the Emergency Medical Services during medical inspections, global operations, and other related activities.

- 1.2.3 Only upon completion of the mandatory objectives, may the Government provide extra funding beginning with one million Dollars (\$1,000,000) for meeting the mandatory objectives.
 - 1.2.4 The additional three million dollars (\$3,000,000) of extra funding may come from extra goals set out by the Governor for that organization to achieve each week with approval of the Attorney General who must agree on the objectives set to each organization by the Governor.
 - 1.2.5 Each additional objective shall be reasonable and achievable for the Organization. For example, the National Guard should not be tasked with objectives in relation to things outside of their scope such as fining and arresting.
- 1.3 Additional emergency funds of up to two million dollars (\$2,000,000) may be disbursed to an organization upon written request and approval by the Governor per week. These funds should be spent according to the request.
- 1.4 When the balance of a state organization is higher than ten million dollars (\$10,000,000), no funds will be disbursed.
 - 1.4.1 If the balance of an Organization were to exceed ten million dollars (\$10,000,000) after a payout from the Government, the Government will only pay out the base rate of four million dollars (\$4,000,000).

Note: The organization shall still be set requirements in accordance with article 1.2 and make an effort to still complete these targets even without the prospect of extra monetary reward as the Government has the right to withhold payment upon an Organization failing to meet expectations.
- 1.5 The Government may withhold payments in the case that there is a lack of funds in the Government treasury.
- 1.6 Funds withdrawn from the organization balance shall be fully utilized for organization expenses and pending payments prior to the conclusion of the leader's term. Any remaining funds, where no pending dues exist, shall be returned to the organization balance.
